

RÉSERVE COUSTEAU

Discover the famous snorkeling/diving spot called Réserve Cousteau. This marine reserve has become famous as one of the best dive sites in the world and is named after the famous French diver Jacques Cousteau. When you dive or snorkel in the reserve, you will see a statue of Monsieur Cousteau himself at the bottom of the sea. During the day we will make three stops. To begin, we'll tackle the waters around the Pigeon Islands - the very heart of the nature reserve. The water in this area is incredibly clear and home to a huge variety of fish in every color of the rainbow - almost like swimming in an aquarium.
